II. Purpose of Addendum

III. Methodology

- 08/06/2014 Contact – document received. Written request received from Susan Thomas requesting modification of terms of license—change of use of space.
- 08/14/2014 Inspection completed on-site. Proposed bedroom measured for space. Windows not open able and room not furnished for proposed use. Revised floor plan received.
- 09/18/2014 Contact – telephone call received from Mrs. Thomas. Window repairs completed and proposed bedroom fully furnished.
- 09/23/2014 Inspection completed on-site. Proposed bedroom in full compliance with applicable rules.

IV. Description of Findings and Conclusions

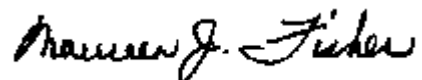

The licensees submitted a request to relocate bedroom #3 from the second floor of the home to the first floor in order to attract and accommodate potential residents with impaired mobility. This change eliminates the use of the space previously referred to as the dining room, reducing the total living space from 471 square feet to 330.9 square feet, still meeting and exceeding the total living space required by R 400.1427 for a household of six adult foster care residents and the licensees. The dining room has been relocated to share space with the living room at the front of the home.

On 9/23/2014, I assessed the bedroom, determining it was in full compliance with applicable rules as to open able windows and required furnishings. The room measured 11'4" x 13'3" totaling 150.1 square feet minus 20 square feet for the 2' x 10' wardrobe that was installed in the room to serve as a closet. The total square footage of usable space is 130.1 square feet, meeting the requirements of R 400.1432 for occupancy by a maximum of two residents.

This bedroom is designated as bedroom #3. With this change, the facility now has two bedrooms on the first floor of the home (bedrooms #1 and #3) and one remaining resident bedroom on the second floor of the home, bedroom #2.

V. Recommendation

I recommend approval of modification of the terms of this license for a change in use of space, the relocation of bedroom #3 to the first floor of the facility.
