Milan, MI 48160

Facility Telephone #: (734) 620-2297

Capacity: 5

Program Type: DEVELOPMENTALLY DISABLED
AGED
MENTALLY ILL
ALZHEIMERS

II. Purpose of Addendum

Licensee has requested that the home become wheelchair accessible. In addition, the licensee has requested to add Alzheimer to the population served also.

III. Methodology

12/01/2014	Contact-Document Received Request for modification
12/04/2014	Inspection Completed onsite Ramp inspection
02/05/2015	Contact-Document Received Request for modification to add Alzheimers to the population served and proof of training for both licensee's.
02/10/2015	Inspection Completed onsite Measurement and approval of ramp

IV. Description of Findings and Conclusions

On 12/01/2014 and 02/05/2015, respectively, I received a request for modification of the terms of the license from licensee Randeep Reddick, for the facility to become wheelchair accessible and to serve the Alzheimers population. On 02/10/2015, the homes ramp was deemed safe and measured adequately. Further, the ramp has been inspected and approved by the local municipality (London Township Building Department in Monroe County).

I also spoke to Mrs. Reddick regarding her request to add the Alzheimers population to the home. Mrs. Reddick reported she and Mr. Reddick have knowledge of the population. Mrs. Reddick reported she is a registered nurse and has been for over 4 years and in that time has provided care and services to the population. Mr. Reddick reported being a caretaker of adults for 9 years and reported providing direct care to the Alzheimers/Dementia population. Both Mr. and Mrs. Reddick recently completed a training titled "Dementia in the Elderly" and have provided certificates of completion.

The ramp is located at the back entrance/exit which is one of the homes approved means of egress. The following is the ramp measurements:

Rise- 8 feet 3 inches	First Slope- 30 feet 7 inches
	Second Slope- 25 feet 11 inches
	Third Slope -25 feet
	Fourth Slope- 18 feet 9 inches

Total slope for the ramp is 100 feet 25 inches.

V. Recommendation

I recommend that the home be wheelchair accessible. I also recommend that the home be licensed to provide care and services to the Alzheimers population.
