Facility Telephone #:	(810) 660-8118
Capacity:	5

II. Purpose of Addendum

This addendum is to determine if this facility can accommodate the licensee's request to modify the terms of the capacity of the license. The licensee is requesting that the capacity of the home be increased from the current 5 residents to a capacity of 6 residents.

III. Methodology

07/18/2015	Contact – Document Received Modification request received. Licensee is requesting to increase from 5 bed facility to 6 bed.
08/05/2015	Contact – Document Received The licensee texted me photographs of the resident bedroom improvements
08/18/2015	Inspection Completed On-site Modification

IV. Description of Findings and Conclusions

On 8/05/15, I conducted an on-site inspection of Sitting Angels Adult Foster Care Facility. At the licensee's request, I inspected and measured the Northeast bedroom of the facility which used to be the staff quarters and was not previously licensed to accommodate residents.

The bedroom measured 14' x 13'11" which is equal to 195 square feet of living space. This exceeds the requirement of no less than 80 square feet of usable floor space for a single occupancy room and no less than 65 square feet of usable floor space for a multi-occupancy room. This room met all of the AFC licensing requirements to be approved as a resident bedroom with a maximum of 2 residents. It is the licensee's intention to use this as a private bedroom, housing 1 resident but she would like the option of licensing this bedroom to accommodate 2 residents if she determines this would best meet the needs of her residents. This bedroom has a private bathroom and she would like the option of allowing a husband and wife to occupy this room or compatible roommates.

The licensee understands that under no circumstances is she to exceed the maximum licensed capacity of 6 residents in this small group home. The licensee is in full compliance with the licensing rules pertaining to her request to increase her capacity to six residents.

V. Recommendation

I recommend that the Northeast bedroom of Sitting Angels AFC be approved as a resident bedroom for a maximum of 2 residents. The addition of this bedroom increases the licensee's capacity from a maximum of 5 residents to a maximum of 6 residents. The licensee understands that under no circumstances is she to exceed the maximum of 6 residents for this small group home.
