II. Purpose of Addendum

Licensees requested an increase in capacity from three residents to five residents due to re-arranging a bedroom. Licensees are now utilizing a bedroom in the lower level.

III. Methodology

On September 30, 2016 an on-site inspection was conducted of the home. The licensees have moved their bedroom from the main level of the home to the lower level, redecorated, and added two twin beds for resident use.

IV. Description of Findings and Conclusions

The third bedroom on the main level of the home measures 11'4" X 13'4' = 152 SF which exceeds the minimum requirement of 65 SF per person.

V. Recommendation

I recommend the capacity of this Adult Foster Care Family Home increase from three residents to five residents.
