II. Purpose of Addendum

The purpose of this addendum is to increase the capacity from four residents to five residents.

III. Methodology

06/27/2017	I received an email request for capacity increase from four to five residents from Judy Dunton, licensee designee.
06/29/2017	I received an email stating that Parker Street CLF has one room that is 11.5 X 12.5 sq. feet and the other is 11.5 X 10 sq. feet.
07/03/2017	I conducted an onsite inspection at Parker Street CLF to verify the dimensions and furnishings of the bedroom.

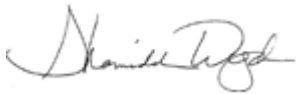

IV. Description of Findings and Conclusions

I received an email on 06/27/2017 requesting an increase in capacity from four to five residents. The NW Bedroom #1 measures 143.75 square feet which exceeds the square footage requirement for two residents.

On 07/03/2017, I conducted a face to face visit at Parker Street CLF to verify the square footage, and to see that the bedroom was furnished with two beds. There were two beds, and the square footage was sufficient. The NW bedroom also had the required furnishings for two residents.

V. Recommendation

I recommend the capacity for this small group home be increased to five residents.
