**II. Purpose of Addendum**

On 06/22/2018, Jenna Szafran, the licensee designee informed me that Bedroom #1 will be converted to a single occupancy bedroom and a lower level office will be converted to a single occupancy bedroom.

**III. Methodology**

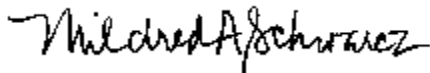

On 06/22/2018, I conducted an onsite license renewal inspection. At this time, I evaluated the lower level bedroom, labeled Bedroom #6 in the floor plan on file.

**IV. Description of Findings and Conclusions**

Bedroom #6 measured 14'6" x 15' and contains 218 square feet of usable space. This exceeds the minimum requirement for a single occupancy bedroom. The bedroom contains all required furnishings. The bedroom is equipped with a door with the approved hardware. The bedroom has an easily openable window.

**V. Recommendation**

The floor plan reflects the change in bedroom occupancy. The licensed capacity remains the same. I recommend no change in the status of the license.
