II. Purpose of Addendum

The licensee has requested to increase capacity.

III. Methodology

On November 8, 2018, I completed an onsite inspection. I measured the square footage of the bedrooms.

IV. Description of Findings and Conclusions

On October 29, 2018, I received an email request from the licensee designee Verita Winn. Mrs. Winn requested an increase in capacity. She stated modifications were made to two of her bedrooms in order to obtain square footage needed to increase resident capacity.

On 11/8/2018, I completed an onsite inspection and measurement of the bedrooms.

The home was originally licensed for 4 residents with the following dimensions.

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	9.92 X 9.92	98	1
2	10.83 X 14.75	160	2
3	12.66 X 9.92	126	1

During the onsite inspection on 11/8/2018, the bedrooms were inspected and had the following dimensions and capacity.

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	9.92 X 9.92	98	1
2	14.75 X 10.33	152	2
3	12.66 X 10.58	133	2

The licensee's request to increase capacity is approved. This increased capacity to 5 residents. Based on the bedroom dimensions I conclude the home can accommodate 5 residents.

V. Recommendation

I recommend increasing capacity from 4 to 5 residents.
