**II. Purpose of Addendum**

The purpose of the addendum is to increase the capacity from five to six adult males.

**III. Methodology**

08/06/2018 I conducted a renewal inspection.

08/14/2018 I conducted an onsite inspection to re-measure bedrooms for capacity increase.

**IV. Description of Findings and Conclusions**

On 08/06/2018, I conducted a licensing renewal inspection with licensee designee, Janette Thiel. During the onsite inspection I observed that one of the bedrooms was too small for two residents measuring at 125.94 square feet. I reviewed the original licensing study report and in the original licensing study report the home was licensed for five adult residents however, the capacity remained at six in error. One of the bedrooms (bedroom# 2) was to be used as an office however, the office became a bedroom.

On 08/14/2018, I conducted an onsite inspection and measured four bedrooms as follows:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	10'x 9'9"	97.5	1
2	12'11" x 9'9"	125.94	1
3	13'6" x 10' 8"	144	2
4	13'3" x 11'2"	147.95	2

**Total capacity: 6**

On 08/14/2018, Janette Thiel agreed to move the single room resident occupying bedroom #3 to bedroom #2. The two residents occupying bedroom #2 will be moved to bedroom #3 which is large enough for two residents

**V. Recommendation**

I recommend increasing the capacity to six adult male residents.
