## II. Purpose of Addendum

The licensee would like a change in the use of space and a change in capacity. The licensee requests to increase the capacity of the home from five residents to six residents. The licensee has removed the closet from the single occupancy bedroom labeled "Bedroom #4" on the Original Licensing Study.

Bedroom #4 now has the following dimensions:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
4	10' 3" x 10' 11" + 6' 6" x 2' 4"	137'	2

## III. Methodology

10/03/2019- Received request for use of space change and change in capacity

10/04/2019- Onsite inspection

## IV. Description of Findings and Conclusions

The onsite inspection demonstrated that the facility is able to accommodate the change in the use of space and increased capacity. Bedroom #4 measured 10' 3" x 10' 11" + 6' 6" x 2' 4", totaling 137 square feet. Bedroom #4 will be occupied by two residents.

## V. Recommendation

I recommend the change of the use of space and increased capacity be approved.
