III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The Meadow Hill Adult Foster Care home is a large expansive structure of traditional “ranch” design. Meadow Hill AFC is located in southern Grand Traverse County near the village of Kingsley. The surrounding area is a combination of rolling farmland and expansive woodlands. Medical, hospitalization, mental health and social service agencies are all located in nearby Traverse City. Opportunities for recreation, shopping and religious services are also located in Traverse City.

The facility is wheelchair accessible and has three approved means of egress that are at ground level from the first floor.

The furnace and hot water heater are located in a room that is constructed of material that has a 1-hour-fire-resistance rating. The facility is equipped with interconnected, hardwire smoke detection system, with battery backup, which was installed by a licensed electrician and is fully operational.

On December 5, 2019, the home was inspected by the Bureau of Fire Services. An “Approved” fire safety certification was recommended.

On November 7, 2019, the home was inspected by the Grand Traverse County Health Department who determined that the home is in substantial compliance with applicable rules pertaining to environmental health, water supply and sewage disposal.

Resident bedrooms were measured during the on-site inspection and have the following dimensions:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	14'3"X8'	114	1
2	14'3"X8'	114	1

3	14'3"X15'	213	2
4	14'3"X15'	213	3
5	14'3"X15'	213	2
6	14'3"X10'	142	2
7	14'3"X10'	142	2
8	12'2"X13'	158	2
9	20'4"X12'2"	247	3
10	13'X11'	143	2

Note: This facility has had a license that has been in continuous effect since prior to May 24, 1994 and is thus “grandfathered” to allow for more than double occupancy per bedroom.

In addition to resident bedrooms, the facility has two large living/sitting rooms, a large dining room, two full baths and two half bathrooms, kitchen, laundry and staff offices

The living, dining, and sitting room areas measure a total of 920 square feet of living space. This exceeds the minimum of 35 square feet per resident requirement.

Based on the above information, it is concluded that this facility can accommodate **20** residents. It is the licensee’s responsibility not to exceed the facility’s licensed capacity.

This facility has been licensed as an adult foster care large group home for many years. The date that this facility was originally licensed as an adult foster care home is unknown, but it is known to have been licensed prior to May 24, 1994. A change of licensee, from an individual to a corporation, necessitated the need for a new license to be issued.

The facility does have a second story that is not utilized by the residents but could possibly be used for live-in staff members. A rental trailer is also located on the same property as this AFC home.

B. Program Description

Admission and discharge policies, program statement, refund policy, personnel policies, and standard procedures for the facility were reviewed and accepted as written. The applicant intends to provide 24-hour supervision, protection and personal care to **20** male or female ambulatory or nonambulatory adults who are aged or who are diagnosed with a mental illness, a- developmental disability, or a physical handicap, in the least restrictive environment possible.

The program for the mentally ill residents will include the development of skills related to social interaction, personal hygiene, personal adjustment, and public safety. A personal behavior support plan will be designed and implemented for each resident’s social and behavioral developmental needs.

Programs for the aged residents will include recreational activities, community interaction, health and fitness.

Programs for the Developmentally Disabled will include physical and occupational therapy services, assistance and training with activities of daily living skills, job skills training and other activities as directed by the residents supervising agency or as written in the residents person centered plan.

Programs for the Physically Handicapped will include physical and occupational therapy as prescribed, assistance with activities of daily living and community interaction.

If required, behavioral intervention and crisis intervention programs will be developed as identified in the assessment plan. These programs shall be implemented only by trained staff, and only with the prior approval of the resident, guardian, and the responsible agency.

The licensee will provide for or arrange for transportation for program and medical needs as outlined in each residents Resident Care Agreement. The facility will make provision for a variety of leisure and recreational equipment. It is the intent of this facility to utilize local community resources including libraries, local museums, shopping centers, and local parks.
