III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The Pleasant Lake Lodge Center Adult Foster Care home is a two-story structure attached to the existing Large Group Adult Foster Care home Pleasant Lake Lodge South. It is located in a rural, wooded area north of the community of Cadillac Michigan. The home has two double occupancy resident bedrooms, one full bathroom, a kitchen, dining room, living room and laundry all on the first floor. The upper second floor level is for live in staff and offices and will not be used by the facilities residents. The facility will not accept residents who rely on the use of a wheelchair as it does not have two approved means of egress which are equipped with ramps from the first floor.

The furnace and hot water heater are located in the basement with a 1-3/4 inch solid core door equipped with an automatic self-closing device and positive latching hardware located at top of the stairs. The facility is equipped with interconnected, hardwire smoke detection system, with battery back-up, which was installed by a licensed electrician and is fully operational.

On July 21, 2020, the home was inspected by the DHD #10, Wexford County Health Department who determined that the home is in substantial compliance with applicable rules pertaining to water supply and sewage disposal.

Resident bedrooms were measured during the on-site inspection and have the following dimensions:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	18'4"X12'	219	2
2	12'5"X14'10"	184	2

The living, dining, and sitting room areas measure a total of 369 square feet of living space. This exceeds the minimum of 35 square feet per resident requirement.

Based on the above information, it is concluded that this facility can accommodate **4** residents. It is the licensee's responsibility not to exceed the facility's licensed capacity.

B. Program Description

Admission and discharge policies, program statement, refund policy, personnel policies, and standard procedures for the facility were reviewed and accepted as written. The applicant intends to provide 24-hour supervision, protection and personal care to **4** male or female ambulatory adults who are aged in the least restrictive environment possible.

Programs for the aged residents will include recreational activities, community interaction, health and fitness.

If required, behavioral intervention and crisis intervention programs will be developed as identified in the assessment plan. These programs shall be implemented only by trained staff, and only with the prior approval of the resident, guardian, and the responsible agency.

The licensee will provide for or arrange for transportation for program and medical needs as outlined in each residents Resident Care Agreement. The facility will make provision for a variety of leisure and recreational equipment. It is the intent of this facility to utilize local community resources including libraries, local museums, shopping centers, and local parks.
