## **II. Purpose of Addendum**

The purpose of the addendum is to include wheelchair accessibility and add Alzheimer's to the program type.

## **III. Methodology**

On 10/26/2020, licensee designee Robert Rusnac submitted an updated program statement to include Alzheimer's and wheelchair accessibility. Mr. Rusnac provided training he and the administrator Adriana Bobic completed through Michigan Assisted Living Associations (MALA) and their one-year experience with this population. In addition, Mr. Rusnac included the contract agreement he has with Care Patrol, a senior placement agency.

On 11/05/2020, I conducted an on-site inspection of the two approved ramps located at the front and rear of this facility.

## **IV. Description of Findings and Conclusions**

Based on my review of the documents and the on-site inspection, the licensee designee Robert Rusnac and administrator Adriana Bobic have the one-year experience that is required with the Alzheimer's population. Both Mr. Rusnac and Ms. Bobic have completed training through MALA and updated the program statement to include both wheelchair accessibility and Alzheimer's. Therefore, I recommend updating the program type to include Alzheimer's and wheelchair accessibility.

## **V. Recommendation**

I recommend adding wheelchair accessibility and Alzheimer's to the program type with no modification to the status of the license.
