The facility is in a rural area of Ypsilanti. It has 2 bedrooms on the first floor and 4 bedrooms on the second floor. The first floor is wheelchair accessible. The home has a living room, kitchen, laundry room, and dining room. The home uses a well and septic system that was given an "A" rating on 10/9/2019 by the Washtenaw County Health Department.

The furnace and hot water heater are in the basement with a 1-3/4 inch solid core door equipped with an automatic self-closing device and positive latching hardware located at top/bottom of stairs. The facility is equipped with interconnected, hardwire smoke detection system, with battery back-up, which was installed by a licensed electrician and is fully operational.

Resident bedrooms were measured during the on-site inspection and have the following dimensions:
