III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 400.14312 Resident medications.

- (4) When a licensee, administrator, or direct care staff member supervises the taking of medication by a resident, he or she shall comply with all of the following provisions:
- (b) Complete an individual medication log that contains all of the following information:
- (v) The initials of the person who administers the medication, which shall be entered at the time the medication is given.

On 08/04/2021, I conducted a renewal inspection. I observed Resident D's June 2021 medication administration record (MAR). I noted that there were no staff initials recorded for Resident D's PM doses of Divalproex, Quetiapine, or Trazadone on 06/30/2021.

R 400.14312 Resident medications.

- (4) When a licensee, administrator, or direct care staff member supervises the taking of medication by a resident, he or she shall comply with all of the following provisions:
- (c) Record the reason for each administration of medication that is prescribed on an as needed basis.

I observed that Resident D's PRN medication Meloxicam pill pack was filled in December. No pills were missing from the pill pack. This medication was not recorded on Resident D's PRN MAR.

R 400.14315 Handling of resident funds and valuables.

(13) A licensee shall provide a complete accounting, on an annual basis and upon request, of all resident funds and valuables which are held in trust and in bank accounts or which are paid to the home, to the resident, or to his or her designated representative. The accounting of a resident's funds and valuables which are held in trust or which are paid to the home shall also be provided, upon the resident's or designated

representative's request, not more than 5 banking days after the request and at the time of the resident's discharge from the home.

I observed that Resident D's 2021Funds Part II form regarding cost of care was not on file.

R 400.14403 Maintenance of premises.

(1) A home shall be constructed, arranged, and maintained to provide adequately for the health, safety, and well-being of occupants.

I observed that one of the wood pillars at the entrance of the home was rotted and deteriorating. I also noted that the vent in the downstairs half bath was completely rusted.

A corrective action plan was requested and approved on 08/04/2021. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

An acceptable corrective action plan has been received. Renewal of the license is recommended.
