ALLEGATION:

Resident A fell on the floor, and it was unknown how long she was on the floor.

INVESTIGATION:

On 8/3/2022, the department received the allegations via the BCHS Online Complaint website.

On 8/3/2022, a referral was made to Adult Protective Services (APS).

On 8/4/2022, I interviewed the complainant by telephone. The complainant stated that Resident A fell at the facility and staff did not know how long she had been on the floor. The complainant stated that Resident sustained an injury during the fall.

On 8/9/2022, an onsite was completed at the facility. During the onsite, administrator Imran Shahid was not at the facility. I interviewed business manager

Naya Virk and receptionist Lauren Morris at the facility. Ms. Virk stated that Resident A likes to sit on the floor. She stated that they can get her up off the floor and she sits back down. She stated that two-hour checks are done for the Resident. Ms. Virk stated that they do not know how long she was there within those two hours.

On 8/9/2022, I interviewed caregiver Christian Louie by telephone. She stated that she was doing her rounds when she found Resident A on the floor. She stated that Resident A did not have any injuries. She stated that they took her vitals and temperature. She stated that the family was also notified.

Service plan for Resident A read, no staff assistance with mobility, use a walker, independent with transferring. The plan shows that Resident A is no risk for falls.

APPLICABLE RULE	
R 325.1931	Employees; general provisions.
	(2) A home shall treat a resident with dignity and his or her personal needs, including protection and safety, shall be attended to consistent with the resident's service plan.
R 325.1901	Definitions.
	“Service plan” means a written statement prepared by the home in cooperation with a resident and/or the resident’s authorized representative or agency responsible for a resident’s placement. If any, and that identifies the specific care and maintenance, services, and resident activities appropriate for each individual resident’s physical, social and behavioral needs and well-being and the methods of providing the care and services while taking into account the preferences and competency of the resident.
ANALYSIS:	The complaint alleges that Resident A was found on the floor, and it was unknown how long she had been on the floor. Interviews with staff reveal that Resident A puts herself on the floor. The service plan was inadequate in providing details of Resident A putting herself on the floor or how often she was monitored. Therefore, the facility did not comply with this rule by not providing details in service plan.
CONCLUSION:	VIOLATION ESTABLISHED

Attempts were made to contact licensee authorized representative Imran Shahid by telephone, but received a voice mail message that my call was forward to an automatic voicemail message.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, I recommend the status of the license remains unchanged.
