Dear Mrs. Gowman:

Attached is the Renewal Licensing Study Report for the facility referenced above. The violations cited in the report require the submission of a written corrective action plan. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific dates for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.

Upon receipt of an acceptable corrective action plan and paid license renewal fee, a regular license will be issued. In the event I am not available, and you need to speak to someone immediately, please feel free to contact the local office at (616) 356-0100.

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 325.1976	Kitchen and dietary.
	(6) Food and drink used in the home shall be clean and wholesome and shall be manufactured, handled, stored, prepared, transported, and served so as to be safe for human consumption.
ANALYSIS:	Inspection revealed multiple unlabeled food items in the refrigerators, freezers, and/or cabinets located in the memory care units, dining room #2, and the employee lounge. It could not be determined if the food was safe for human consumption.
CONCLUSION:	VIOLATION ESTABLISHED

R 325.1979	General maintenance and storage.
	(3) Hazardous and toxic materials shall be stored in a safe manner.
ANALYSIS:	Industrial cleaning materials easily accessible to anyone were found unsecured in two cabinets in the memory care units. This presents a potential risk of ingestion and harm to residents in the home with impaired cognition and function.
CONCLUSION:	VIOLATION ESTABLISHED

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan and paid license renewal fee, renewal of the license is recommended.
