<b>Program Type:</b>	AGED MENTALLY ILL

## **II. Purpose of Addendum**

On 10/04/2022, licensee designee James Hoeberling submitted a modification requesting the terms of his medium adult foster care license be amended to add the program type, 'Mental Illness' as the facility is able and willing to care for residents who are 18 years of age and older who have mental illness.

## **III. Methodology**

On 10/04/2022, licensee designee James Hoeberling requested the terms of his medium adult foster care license to be amended to reflect that he is able and willing to care for residents who are 18 years of age and older who have mental illness. On 10/04/2022, I talked with licensee designee James Hoeberling who reported that he is currently a licensee designee for another licensed AFC that has served individuals who are 18 years of age and older with mental illness since 09/25/2019.

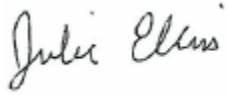

## **IV. Description of Findings and Conclusions**

On 10/04/2022, licensee designee James Hoeberling submitted an updated Program Statement that I approved which included mental illness as a program type. Additionally, I talked with licensee designee James Hoeberling who understood and agreed that it is his responsibility to assess residents upon admission and ensure all residents are compatible prior to admission. Additionally, James Hoeberling agreed to not exceed the licensed capacity of 12 residents at any time.

On 11/10/2022, I reviewed the Bureau Information Tracking System and determined James Hoeberling has been the licensee designee for a facility since 09/25/2019 that cares for individuals diagnosed with mental illness. Thus, he has at least one year of experience working with individuals with mental illness as required.

**V. Recommendation**

I recommend that the residents age be lowered to 18 and mental illness be added as a program type to the license.
