**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This facility was found to be in non-compliance with the following rules:	
<b>R 400.1424</b>	<b>Environmental health.</b>
	<b>(4) Effective measures shall be taken to protect against the entrance of vermin into the home and against the breeding or presence of vermin on the premises.</b>
<p>Finding: There was past and present evidence of bed bugs on resident bedding. I observed a few live bed bugs in Resident A &amp; B's rooms. No other live bed bugs were observed in Resident rooms.</p> <p>Response: Randy Huston stated he uses a powder treatment called Diatomaceous Earth and a spray treatment called Eco Avenger. Theresa Huston stated she will consult with a pest control specialist on how to take more effective measures against bed bugs and how to maintain once they are gone.</p>	
<b>R 400.1426</b>	<b>Maintenance of premises.</b>
	<b>(1) The premises shall be maintained in a clean and safe condition.</b>
<p>Finding: The grounds around the house need to be maintained. There is an opening in the kitchen ceiling where a light fixture is missing.</p> <p>Response: Randy Huston stated they will continue to work on the outside grounds, they are getting a new roof on the house, garage, and carport in the next couple of weeks. Mr. Huston stated the light in the kitchen will be replaced as soon as possible.</p>	
<p>A corrective action plan was requested and approved on 08/03/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.</p>	
<p>I conducted an exit conference with Randy and Theresa Huston on 08/03/2023. They stated they will continue to treat the home for bed bugs and are committed to maintaining the premises both inside and outside of the house. An onsite CAP verification will be conducted.</p>	

#### IV. RECOMMENDATION

An acceptable corrective action plan has been received. Renewal of the license is recommended.
