08/29/2023	Contact - Document Received APS worker Jessica Quintana
9/05/2023	Exit Conference

ALLEGATION: Resident A is being raped in her sleep.

INVESTIGATION: On 7/17/2023 I was assigned a complaint from the LARA online complaint system.

On 7/17/2023 I conducted an onsite inspection at the facility with Adult Protective Services (APS) worker Jessica Quintana. The licensee Kiddy Gooden stated Resident A had a seizure and was hospitalized on 7/15/2023. She stated Resident A has been diagnosed with Schizophrenia and had started to hallucinate about sex, balls and penises leading up to her seizure. She stated when Resident A was transported by the ambulance Ms. Gooden reported to them that for the last couple of days, she had mentioned balls and penises numerous times. Ms. Gooden stated she does not believe that Resident A was being sexually assaulted. She stated she shares a bedroom with her husband of 29 years, Resident B. Ms. Gooden stated that

Resident A has not reported to her that she was being sexually assaulted. Ms. Gooden stated that she is working closely with Resident A's primary physician to get her medications adjusted. She stated she has also been in contact with Resident A's community mental health caseworker Ashley Spencer. She stated Resident A does not have a guardian.

While at the facility on 7/17/2023 I conducted a joint interview of Resident A with APS worker Jessica Quintana. Resident A was not oriented to time and place. She denied that anyone was sexually assaulting her. She asked to speak alone with Ms. Quintana and Ms. Quintana later reported to me that she did not disclose any kind of sexual assault. I then interviewed Resident A's husband; Resident B. Resident B stated they have been married for 29 years. He denied that he or anyone else in the facility has sexually assaulted his wife.

On 8/28/2023 I conducted an unannounced onsite inspection at the facility. The licensee Kiddy Gooden stated that Resident A is doing much better. She stated she went to the psychologist on 7/26/2023 for a medication adjustment. She stated she also went to her primary physician on 8/1/2023. I then interviewed Resident A on the front porch. Resident A was oriented to time, place, and person. She stated things were going very well at the facility. She denied that anyone has sexually assaulted her. She stated she is working closely with CMH to adjust her medications.

While at the facility on 8/28/2023 I interviewed her CMH caseworker Ashley Spencer. Ms. Spencer stated that she has interviewed Resident A several times since her seizure and hospitalization on 7/15/2023 and she has denied being sexually assaulted. Ms. Spencer stated Resident A is diagnosed with a delusional disorder and they have been working to adjust her medications with the psychologist. She stated she has no concerns with the AFC home.

On 8/29/2023 I was contacted by APS worker Jessica Quintana who stated she did not substantiate her APS complaint and has closed the investigation.

APPLICABLE RULE	
R 400.1412	Resident behavior management; prohibitions.
	(1) A licensee shall not mistreat or permit the mistreatment of a resident by responsible persons or other occupants of the home. Mistreatment includes any intentional action or omission which exposes a resident to a serious risk or physical or emotional harm.
ANALYSIS:	The complaint alleged that Resident A was being raped in her sleep.

	<p>Resident A is diagnosed with a delusional disorder and was hospitalized on 7/15/2023 after a seizure episode. The licensee stated just prior to the seizure Resident A had become obsessed with sex, balls, and penises. Resident A denied that she was sexually assaulted.</p> <p>Resident A shares a bedroom with her husband of 29 years, Resident B. Resident B denied that his wife is being sexually assaulted in the home.</p> <p>CMH caseworker Ashley Spencer stated Resident A is diagnosed with a delusional disorder and they have recently been working on adjusting her medications. She stated she has privately interviewed Resident A several times since 7/15/2023 and she has denied that she was sexually assaulted.</p> <p>APS worker Jessica Quintana stated she did not substantiate the complaint and closed the investigation.</p> <p>There is not a preponderance of evidence that Resident A mistreated or exposed to a serious risk of physical or emotional harm.</p>
CONCLUSION:	VIOLATION NOT ESTABLISHED

ALLEGATION: Resident A appears unkempt and is not provided with personal care products like toilet paper.

INVESTIGATION: On 7/17/2023 I conducted an onsite inspection at the facility with Adult Protective Services worker Jessica Quintana. The licensee Kiddy Gooden stated Resident A does all her own bathing and grooming and is always well kempt. She stated she provides each resident their own toilet paper because one of the residents will put the entire roll in the toilet and clog the toilets and septic system.

While at the facility on 7/17/2023 I conducted a joint interview of Resident A with APS worker Jessica Quintana. Resident A was not oriented to time and place. She appeared well kempt and had clean clothing on. She stated she bathes herself and brushes her dentures on her own. She stated she is provided her own toilet paper which is kept in her bedroom, and she showed us several rolls of toilet paper.

On 8/28/2023 I conducted an unannounced onsite inspection at the facility. The licensee Kiddy Gooden stated that Resident A is doing much better. Ms. Gooden provided me a copy of Resident A's written assessment plan. The written assessment plan documented that Resident A does not need any assistance with her self-care skills like bathing, toileting, and grooming. I then interviewed Resident A

on the front porch. Resident A was oriented to time, place, and person. She stated things are going very well at the facility. She appeared well kempt and had clean clothes on.

While at the facility on 8/28/2023 I interviewed her CMH caseworker Ashley Spencer. Ms. Spencer stated she has no concerns with the AFC home and the personal care provided to Resident A. She stated she is always well kempt during their appointments and is wearing clean clothing. She stated Resident A does her own bathing and grooming.

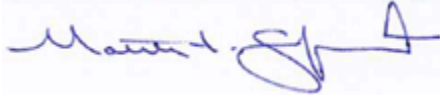

On 8/29/2023 I was contacted by APS worker Jessica Quintana who stated she did not substantiate her APS complaint and has closed the investigation.

APPLICABLE RULE	
R 400.1420	Resident hygiene.
	(1) A licensee shall afford a resident the opportunity for daily bathing.
ANALYSIS:	<p>The complaint alleged that Resident A appears unkempt and is not provided with personal care products like toilet paper.</p> <p>During unannounced onsite inspections on 7/17/2023 and 8/28/2023 Resident A appeared well kempt and was wearing clean clothing.</p> <p>Licensee Kiddy Gooden stated Resident A does her own bathing and grooming and does not require assistance. She stated she provides all the residents with their own toilet paper to bring with them to the bathroom because another resident will flush the entire roll if it is kept in the bathroom.</p> <p>CMH caseworker Ashley Spencer stated she had no concerns with the AFC home regarding Resident A's personal care and that she is always well kempt and wears clean clothes. APS worker Jessica Quintana stated she is not substantiating her APS complaint and closed the investigation.</p> <p>There is not a preponderance of evidence that the licensee does not provide the opportunity for daily bathing.</p>
CONCLUSION:	VIOLATION NOT ESTABLISHED

On 9/06/2023 I conducted an exit conference with the licensee Kiddy Gooden. Ms. Gooden concurred with the findings of the investigation.

IV. RECOMMENDATION

I recommend no change in the status of the license.
