III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 400.1416	Resident healthcare.
	(3) A licensee shall record the weight of a resident on admission and then monthly after that. Weight records must be maintained for 2 years.

During the onsite inspection on 02/09/24, I observed that Resident A's weight record did not have Resident A's weight for June, July, and August 2024.

R 400.1418	Resident medications.
	(2) Medication shall be given pursuant to label instructions.

During the onsite inspection on 02/09/24, I observed that the label on Resident B's medication Metoprolol Tartrate Tablet 50MG did not match the Medication log. The medication label states the medication is to be given twice a day but the medication log stated that the medication was given once a day for the month of February 2024.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
