ALLEGATION:

Resident A's CPAP breathing machine was not properly cleaned.

INVESTIGATION:

APS and ORR referrals were received.

Resident A was not interviewed because he was hospitalized on 7/2/2024 and passed away on 7/10/2024.

On 7/16/2024, I interviewed Daniel Bogosian. He stated that the facility staff do not have any documentation of cleaning Resident A's CPAP breathing machine, or any

documentation and/or written procedure for cleaning any other resident's CPAP breathing machines.

On 7/16/2024, I interviewed Resident A's guardian/mother. She stated that when Resident A was at her home on 6/27/2024 and 6/28/2024, she found his CPAP breathing machine to be dirty/uncleaned.

APPLICABLE RULE	
R 400.15305	Resident protection.
	(3) A resident shall be treated with dignity and his or her personal needs, including protection and safety, shall be attended to at all times in accordance with the provisions of the act.
ANALYSIS:	Since Daniel Bogosian admitted the facility has no documentation of or any written procedure to clean Resident A's or any resident's CPAP breathing machines, then Resident A's personal needs were not attended to at all times in accordance with the provisions of the act.
CONCLUSION:	VIOLATION ESTABLISHED

ALLEGATION:

Resident A's medications were incorrectly packed for a home visit

INVESTIGATION:

On 7/16/2024, during my interview with Resident A's guardian/mother, she also stated that when Resident A was at her home on 6/27/2024 and 6/28/2024, although she was given the correct medications for Resident A, they were placed in the wrong day's pill box compartment.

On 7/16/2024, during my interview with Daniel Bogosian, he provided Resident A's medication record and the medication sheet signed by Resident A's guardian/mother acknowledging her receipt of his medications she was to give him. Daniel Bogosian also stated that he has no idea what Resident A's guardian/mother did with Resident A's medications once they were in her possession and off the facility grounds.

On 7/16/2024, I conducted an exit conference with Daniel Bogosian. He agreed with my conclusions.

APPLICABLE RULE	
R 400.15312	Resident medications.
	(2) Medication shall be given, taken, or applied pursuant to label instructions.
ANALYSIS:	Since Resident A's guardian/mother signed for and took possession of Resident A's medications during his home visit, then there is no way to determine how or even if Resident A's medications got mixed up. Therefore, Resident A's medications were given pursuant to label instructions.
CONCLUSION:	VIOLATION NOT ESTABLISHED

IV. RECOMMENDATION

Contingent upon an acceptable plan of correction; I recommend no change in the status of the license.
