IV. Description of Findings and Conclusions

I received a BFS inspection report dated 05/09/24 giving this facility an “A” rating with full approval.

On 06/13/24, I completed an onsite inspection of this facility. I inspected the kitchen and kitchen appliances and took measurements of the dining room and activity room. I determined that the kitchen appliances were in working order and the refrigerator and freezer were equipped with thermometers. There is enough seating for 8+ residents in the dining room. There is an attached pantry for canned goods and dried items.

The dining room measures 11’ x 16’5” which is 181 square feet. The activity room measures 20’ x 19’ which is 380 square feet.

V. Recommendation

I recommend that this kitchen be approved for resident use. It is now the main kitchen for this facility.
