ALLEGATION:

There are concerns that the licensee designee may be taking the residents narcotic medications.

INVESTIGATION:

On August 8, 2024, I conducted an unannounced on-site inspection at From the Heart AFC-Kasemeyer. Upon my arrival I viewed a pickup truck backed in the driveway and a boat in the garage. A male was outside who reported his name to be Brandon. After I identified myself and the reason for my visit, Brandon explained that the facility is closed and there are no residents living at the home. Brandon stated the facility is being remodeled and the residents that used to live at the home were moved to another location. Brandon did not know how long the home had been closed. Brandon allowed me entrance into the home and there were no residents or staff inside. The home was empty and appeared to be under renovation as there were several tools and materials throughout the rooms.

On September 13, 2024, I interviewed Licensee Designee, Rebecka Goodrow regarding the allegations. Licensee Designee Goodrow reported there have been no residents living at the facility since August 2023. The residents were moved to another facility, From the Heart-2 Mile also operated by Licensee Designee Goodrow. Licensee Designee Goodrow stated there were no issues with medications at From the Heart AFC-Kasemeyer during the time it was open. Licensee Designee Goodrow reported she did not work at From the Heart AFC-Kasemeyer, and the facility was managed by Staff Layla Arnold. According to the Licensee Designee Goodrow, the medications were kept track of electronically and they switched pharmacy's during the time the home was open. Licensee Designee expressed that she may not be able to obtain medication records as the facility "was closed out". Great Lakes Pharmacy had previously serviced the home and in November or December 2023, the home switched to a new pharmacy. The new pharmacy has said they cannot access old records. Licensee Designee confirmed she may have some of the medications records printed. Facility records were requested of Licensee Designee Goodrow including resident medication sheets, resident register, and resident identification records. Licensee Designee Goodrow stated she will look for the records and provide them next week.

On September 17, 2024, I received a call from Licensee Designee Goodrow who reported she may not be able to obtain medication administration records. Licensee Designee Goodrow reported that her plan is to close the license for the facility.

On September 18, 2024, I interviewed Staff Layla Arnold who began working at From the Heart AFC-Kasemeyer in 2021. Staff Arnold reported she managed From the Heart AFC-Kasemeyer until it closed in August 2023. At that time, the residents at From the Heart AFC-Kasemeyer were moved to the other facility, From the Heart-2 Mile also operated by Licensee Designee Rebecka Goodrow. During the time Staff Arnold worked at From the Heart-Kasemeyer there were no issues or concerns with resident medications including narcotics. Licensee Designee Goodrow sometimes worked at the facility however not often. Staff Arnold oversaw filing, and she printed and filed electronic medication records and prescriptions. Staff Arnold had no concerns regarding resident medications being stolen or missing during the time she worked at From the Heart AFC-Kasemeyer.

On September 27, 2024, I left a message with Licensee Designee, Rebecka Goodrow to return my call regarding an exit conference. The settlement agreement signed by Rebecca Goodrow and approved by Jay Calewarts, AFC Division Director, on September 27, 2024, states the license for From the Heart AFC-Kasemeyer AS090385244 will be administratively closed on October 31, 2024.

APPLICABLE RULE	
R 400.14312	Resident medications.
	(6) A licensee shall take reasonable precautions to insure that prescription medication is not used by a person other than the resident for whom the medication was prescribed.
ANALYSIS:	<p>It was alleged that there were concerns that the licensee designee may be taking resident medications. Upon conclusion of an unannounced on-site inspection and investigative interviews, there is not a preponderance of evidence to conclude a rule violation.</p> <p>Licensee Designee Rebecka Goodrow was interviewed and advised the facility has been closed for over one year. According to Licensee Designee Goodrow, there were no issues with resident medications, and she did not work at the facility. Staff Layla Arnold was interviewed, and she reported that she worked at From the Heart AFC-Kasemeyer from 2021-2023. Staff Arnold denied there were any issues with resident medications during the time she worked at the facility.</p> <p>There is not a preponderance of evidence to conclude resident medication was used by anyone else other than the resident it was prescribed to.</p>
CONCLUSION:	VIOLATION NOT ESTABLISHED

ADDITIONAL FINDINGS:

INVESTIGATION:

On September 13, 2024, I spoke to Licensee Designee Rebecka Goodrow and requested resident records including resident medication sheets and resident identification records. Licensee Designee Goodrow stated she will look for the records and provide them next week. To date, I have not received these records.
