III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:	
R 400.14205	Health of a licensee, direct care staff, administrator, other employees, those volunteers under the direction of the licensee, and members of the household.
	(3) A licensee shall maintain, in the home, and make available for department review, a statement that is signed by a licensed physician or his or her designee attesting to the physician's knowledge of the physical health of direct care staff, other employees, and members of the household. The statement shall be obtained within 30 days of an individual's employment, assumption of duties, or occupancy in the home.
At the time of my inspection, I noted that the licensee was not obtaining physician statements/medical clearances on staff upon their employment. All staff must complete a medical clearance or obtain a statement from a licensed physician attesting to their physical health when they are hired or within 30 days of their employment.	
R 400.14312	Resident medications.
	(4) When a licensee, administrator, or direct care staff member supervises the taking of medication by a resident, he or she shall comply with all of the following provisions: (b) Complete an individual medication log that contains all of the following information: (i) The medication. (ii) The dosage. (iii) Label instructions for use. (iv) Time to be administered. (v) The initials of the person who administers the medication, which shall be entered at the time the medication is given. (vi) A resident's refusal to accept prescribed medication or procedures.
At the time of my inspection, I noted that staff initials were missing for two of Resident A's medications for 12/07/24 and 12/13/24. Staff must initial the medication log when they administer a medication to a resident.	

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
