(2) An assistive device shall be specified in a resident's written assessment plan and agreed upon by the resident or the resident's designated representative and the licensee.

During the on-site inspection, Resident A's mattress and support were observed to be directly on the bedroom floor. This modification was not documented in the written assessment plan.

R 400.14312 Resident medications.

(4) When a licensee, administrator, or direct care staff member supervises the taking of medication by a resident, he or she shall comply with all of the following provisions:
