ALLEGATION:

Resident A did not receive his medication as prescribed.

INVESTIGATION:

On 2/19/25, I conducted an unannounced onsite inspection at the home. The licensee Kiddy Gooden stated that Resident A had changes ordered to his Humalog prescription on 2/7/25. She stated the prescription noted to inject insulin based on a sliding scale four times daily as needed. Ms. Gooden stated the pharmacy, and physician did not provide the sliding scale, so she continued to administer the medication as previously prescribed until she received a copy of the sliding scale on 2/13/25. Ms. Gooden provided me a copy of the prescription from 2/7/25 and the sliding scale issued on 2/13/25. Ms. Gooden then provided me the medication administration record which documented that she has been giving the medication as prescribed. Ms. Gooden stated Resident A does not have a legal guardian.

I then interviewed Resident A. Resident A stated he has no concerns with Ms. Gooden giving his medication as prescribed. He stated he went to the hospital in early February and his medication for Humalog was adjusted to a sliding scale, but the sliding scale was not provided to Ms. Gooden until 2/13/25. Resident A stated he has no concerns at the home.

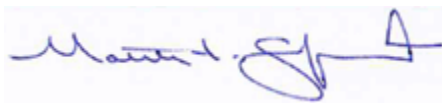

On 4/3/25, I contacted APS worker Jessica Quintana who stated she investigated the complaint and was not substantiating her APS investigation.

APPLICABLE RULE

ANALYSIS:	Interviews with Ms. Gooden, Resident A, and Ms. Quintana revealed that Resident A is getting his medications as prescribed.
CONCLUSION:	VIOLATION NOT ESTABLISHED

On 4/14/2025 I conducted an exit conference with Ms. Gooden. Ms. Gooden concurred with the findings of the investigation.
