RE: License #: AS580394004
Beacon Home At Carleton
13426 Capernall Road
Carleton, MI 48117

Dear Mr. Beltran:

Attached is the Renewal Licensing Study Report for the facility referenced above. The violations cited in the report require the submission of a written corrective action plan. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific dates for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the licensee or licensee designee or home for the aged authorized representative and a date.

Upon receipt of an acceptable corrective plan, a regular license will be issued. If you fail to submit an acceptable corrective action plan, disciplinary action will result.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (313) 456-0439.

Sincerely,

A handwritten signature in blue ink that reads "Pandrea Robinson". The signature is fluid and cursive, with the first name "Pandrea" and last name "Robinson" clearly distinguishable.

- Variances? Yes ☒ (please explain) No ☐ N/A ☐
Rule 315

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was determined to be in substantial compliance with rules and requirements.

This facility was found to be in non-compliance with the following rules:

R 330.1803

Facility environment; fire safety.

(6) Evacuation assessments shall be conducted within 30 days after the admission of each new client and at least annually thereafter. The specialized program shall forward a copy of each completed assessment to the responsible agency and retain a copy in the home for inspection. A home that is assessed as having an evacuation difficulty index of "impractical" using appendix f of the life safety code of the national fire protection association shall have a period of 6 months from the date of the finding to do either of the following:

- (a) Improve the score to at least the "slow" category.**
- (b) Bring the home into compliance with the physical plant standards for "impractical" homes contained in chapter 21 of the 1985 life safety code of the national fire protection association, which are adopted by reference in these rules and which may be obtained from the Department of Mental Health, Lewis Cass Building, Lansing, MI 48913, at cost, or from the National Fire Protection Association Library, Battermarch Park, P.O. Box 9101, Quincy, Massachusetts 02269-9101, 1-800-344- 3555. A prepaid fee may be required by the national fire protection association for a copy of the chapter 21 standards. A price quote for copying of these pages may be obtained from the national fire protection association**

At the time of inspection, I observed that complete evacuation assessments were not completed within 30 days of admission for Resident A (admission date 07/20/23), Resident B (admission date 05/02/24), Resident C (admission date 08/08/24) and Resident D (admission date 03/07/25). The evacuation assessments did not contain the F1 (side 1) or F 1 (side 2) for all of the residents as required for each evacuation assessment.

Repeat violation established; LSR dated 04/19/23; CAP dated 04/28/23.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
