II. Purpose of Addendum

Licensee, Olga Umukundwa, requested the home be approved for residents who are physically handicapped due to making the home wheelchair accessible.

III. Methodology

On 6/2/25, Ms. Umukundwa requested to add the physically handicapped population to the license and reported the home had been made wheelchair accessible.

On 6/4/25, I completed an onsite inspection at the home. Consultation was provided regarding adult foster care licensing rules regarding ramps.

On 6/12/25, I completed an onsite inspection at the home and found the home to be compliant with all Adult Foster Care licensing rules.

IV. Description of Findings and Conclusions

On 6/4/25, I completed an on-site inspection and observed the ramp that was added to the home. Consultation was provided regarding the proper size of the ramp and the need for a second ramp or accessible ground level exit.

On 6/12/25, I completed an on-site inspection. I observed the ramp at the front entrance of the home had been extended and now met the rise over run requirements specified by licensing rules. I observed the deck of the home had been extended to the garage door, creating a level mean of egress out of the back of the home.

V. Recommendation

I recommend the license be modified to allow for the physically handicapped population and the home be noted as wheelchair accessible.
