ALLEGATION: Resident A said group home staff kicked her in her leg.

INVESTIGATION: On 05/07/2025, I completed an unannounced onsite investigation. I interviewed Resident A who stated, "I don't wanna be here." She stated she wants to return to the hospital. According to Resident A she tore up a

trash bag and attempted to throw trash around because she was mad. She stated staff attempted to “fake kick” her in her leg. When asked to explain “fake kick” Resident A stated she was not actually kicked but staff lifted a leg. She further stated no residents saw this and she would not provide the name of the staff. She indicated she likes her roommate and has no other issues.

While onsite I completed additional interviews with the home manager, Diane Carroll staff, Jamal Wiley and Resident B. According to Ms. Carroll, Resident A is new to adult foster care and new to being in the state of Michigan. She indicated she came from long-term inpatient psychiatric treatment in St. Louis, Missouri for behavioral issues. She stated the case manager has placed restrictions on Resident A, limiting her contact. As a result, Resident A has been acting out.

I completed an interview with Jamal Wiley. He indicated he is 1:1 staffing for Resident A due to her making statements of wanting to die. Mr. Wiley denied making a motion resembling a kick or knowledge of staff doing such. He further stated Resident A has been actively hearing voices. He indicated her case manager was notified and they have been working with the psychiatrists to get a medication regime that’s beneficial.

During my interview with Resident B, she stated Resident A has been “trippin.” When asked for specifics she stated Resident A has been attempting to tear the facility blinds, she’s been screaming and yelling randomly and having outbursts. According to Resident B, staff have attempted to calm Resident A by talking to her.

On 05/30/2025, I completed a telephone interview with Destiny Crawford. Ms. Crawford is Resident A’s case manager from Neighborhood Services Organization. Ms. Crawford stated Resident A is new to her case load, the state of Michigan and adult foster care. She stated she is only allowed to be in the facility with no outside activities. She stated the agency is attempting to have that changed. However, this was a condition of her state transfer. According to Ms. Crawford, she has not observed any marks or bruising on Resident A. Furthermore, Resident A has not complained of staff being abusive, aggressive or kicking her. Ms. Crawford indicated Resident A has been having a difficult time adjusting and this has been discussed with her psychiatrist.

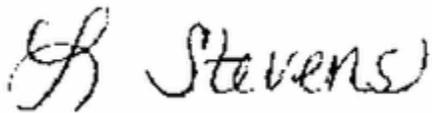

I attempted several interviews with Guardian A1 and Guardian A2. To date, neither have returned my call.

On 06/04/2025, I completed an exit conference with licensee designee, Julie Wiley. She was informed this complaint will not be substantiated. She had no questions or concerns of me.

APPLICABLE RULE

ANALYSIS:	<p>There is no evidence Resident A was not treated with dignity and respect, including protection and safety. Resident A indicated staff attempted to “fake kick” her. She would not provide information on the staff. Resident A stated she does not want to live at this facility. She indicated she wants to return to the hospital.</p> <p>Resident B stated Resident A has been having outbursts, yelling, screaming and attempting to tear the facility blinds. She stated staff try to calm her by talking to her.</p> <p>Staff, Jamal Wiley and manager, Diane Carroll, indicated Resident A has been having difficulty adjusting to placement and has been acting out.</p> <p>Case Manager, Destiny Crawford stated she has not observed any marks or bruising on Resident A. In addition, she indicated Resident A has not complained of staff. Ms. Crawford stated Resident A has had adjustment and behavioral issues. Lastly, she indicated this is being addressed with her psychiatrist.</p>
