### ALLEGATION:

**The facility did not provide toilet paper for the residents.**

### INVESTIGATION:

On 7/1/25, I interviewed the RS by phone. The RS expressed some concerns about the facility as they do not provide toilet paper for the residents and mandate that each resident purchase their own.

On 7/8/25, I interviewed Resident A at the facility. Resident A reported she has lived at the facility for nine months. Resident A reported the facility does not provide toilet paper

and that she has always purchased her own. Resident A reported the other residents also purchase their own toilet paper.

On 7/8/25, I interviewed Resident B at the facility. Ms. Williams reported she has lived at the facility for two years and has always had to provide her own toilet tissue.

On 7/8/25, I interviewed the homeowner, Nelima Hazra at the facility. Ms. Hazra confirmed that she does not provide toilet tissue for the residents and indicated this has been going on for several years. Ms. Hazra reported the residents purchase cigarettes with their own money and believes they should be responsible for all their own toiletries. Ms. Hazra reported the residents are less wasteful if they have to provide their own. Ms. Hazra reported that she will give the residents toilet tissue if they run out or if it's an emergency. Ms. Hazra denied she ever documented this house rule in the residents' admissions paperwork but was willing to add that to the Resident Care Agreement if necessary.

<b>APPLICABLE RULE</b>	
<b>R 400.1408</b>	<b>Resident care; licensee responsibilities.</b>
	<b>(1) A licensee shall provide basic self-care and habilitation training in accordance with the resident's written assessment plan.</b>
<b>ANALYSIS:</b>	It was alleged that the facility did not provide toilet paper for the residents. Based on interviews this violation will be established. The residents indicated they have to purchase their own toilet tissue, which was confirmed by the homeowner, Ms. Harza. As toilet tissue is a basic need the facility was cited. Ms. Hazra agreed to corrective action plan to amend the resident's assessment plans and care agreements to reflect that the residents are responsible for supplying their own toilet tissue.
<b>CONCLUSION:</b>	<b>VIOLATION ESTABLISHED</b>

On 7/15/25, I shared the findings of the investigation with Ms. Harza. Ms. Harza acknowledged the findings and agreed to complete new assessment plans and care agreements to reflect this policy.

### III. RECOMMENDATION

An acceptable corrective action plan has been received, therefore, no changes to the current license status is recommended.
