ALLEGATION: Staff slept on the couch during her work period affecting other clients when they needed assistance. This happened over 5 times.

INVESTIGATION: On 06/27/2025, I completed an unannounced onsite inspection. I interviewed Residents A-D. Each of the residents stated staff, Natasha Simpson,

sleeps on the facility couch while on shift. They indicated she is the only staff member during the midnight shift. According to Residents A-D they've tried to wake her up and she becomes angry and upset. They indicated she frequently sleeps during her shift and doesn't want to be bothered. According to Resident D, on one occasion Ms. Simpson slept in the empty bed in her room before another resident was admitted to the facility. Ms. Simpson sleeping in her room affected Resident D's privacy. Resident A stated she tried to wake Ms. Simpson because she wanted a snack, and Ms. Simpson refused her snack and became angry. Resident C indicated she tried to wake Ms. Simpson to make a telephone call when Ms. Simpson became upset with her.

While onsite I completed interviews with staff, Lashonda James and Dominique Garrett. They indicated the residents recently spoke with the licensee designee regarding Ms. Simpson sleeping on shift.

On 07/03/2025, I completed a telephone interview with staff Natasha Simpson. Ms. Simpson denied sleeping at the facility during her shift. She stated she is unsure why others stated she was asleep.

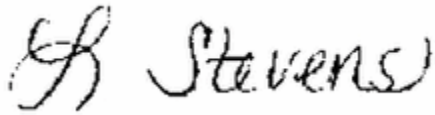

On 07/03/2025, I completed a telephone interview and exit conference with licensee designee, Ateria Young. Ms. Young stated this is not the first time she has been made aware of Ms. Simpson sleeping on shift and not adhering to her responsibilities. She stated Ms. Simpson was previously warned about sleeping and received a write-up. Ms. Young indicated Ms. Simpson will be terminated due to continuously sleeping on shift.

	(2) A licensee shall have sufficient direct care staff on duty at all times for the supervision, personal care, and protection of residents and to provide the services specified in the resident's resident care agreement and assessment plan.

ANALYSIS:	<p>There is sufficient evidence to suggest sufficient staff were not on duty for the supervision, personal care and protection of the residents.</p> <p>Residents A-D stated staff, Natasha Simpson repeatedly slept on her shift. They indicated she was the only staff on the midnight shift. In addition, they stated when they tried to wake her, she would become upset and angry; not wanting to be bothered.</p> <p>Resident A stated Ms. Simpson refused her snack and became upset because she was awakened.
