## **ALLEGATION:**

**Staff Centre MacAfee was rude and unprofessional when preparing Resident A's medications for an extended visit with family.**

## **INVESTIGATION:**

On November 24, 2025, I conducted an unannounced on-site inspection at D.E.B. AFC #4 and interviewed Staff Clematee Davis who reported she was not here at the time of the allegations. Staff Davis had no knowledge of the allegations and stated that she heard of the allegations from Relative A1. Relative A1 reported to Staff Davis that the staff person preparing Resident A's medications was rushing and causing errors. Staff Davis denied that any residents have complained to her that staff are rude or unprofessional.

On November 24, 2025, I interviewed Licensee Designee Laketa Brodnex who reported Relative A1 came to get Resident A's medications as he was going to visit. Staff Centre MacAfee was preparing the medications and Relative A1 was yelling at Staff MacAfee.

On January 9, 2026, I interviewed Resident A. Resident A was somewhat difficult to understand. Resident A confirmed he likes his home and the staff that work in the home. Staff are nice and treat Resident A well. Resident A feels safe at his home.

On January 9, 2026, I left a message for Relative A1 to return my call. On January 12, 2026, I interviewed Relative A1 who reported the staff person who was preparing Resident A's medications "was not doing it right." The staff person was on the phone talking while trying to get the medications together. Eventually, Relative A1 obtained the needed medications for Resident A however the staff person was argumentative with Relative A1 and told her not to tell her how to do her job.

On January 9, 2026, I called Staff Centre MacAfee. Someone answered the phone and said they do not work as D.E.B. AFC #4 and hung up the phone. I called back and left a message to return call. On January 13, 2026, I interviewed Staff MacAfee regarding the allegations. Staff MacAfee reported that Resident A was going to leave with Relative A1 for a visit. Staff MacAfee was preparing Resident A's medications and was reviewing his vitamins. Relative A1 was yelling and rude to her because Staff MacAfee was not fast enough. Staff MacAfee denied she was on the phone with anyone at the time of her preparing medications. Staff MacAfee denied she behaved unprofessionally or was rude.

On January 13, 2026, I interviewed Resident B who was unsure how long he has lived at his home. Resident B likes his home and staff are "alright". Staff are nice to Resident B and Resident B feels safe at his home. Resident B confirmed that staff are professional and respectful. Resident B is familiar with Staff Centre MacAfee and stated she is "alright". Staff MacAfee does not argue with Resident B, and she behaves in a professional manner. Resident B believed Staff MacAfee to be a good staff person.

<b>APPLICABLE RULE</b>	
<b>R 400.629</b>	<b>Direct care staff; qualifications and training.</b>
	<b>(4) Direct care staff shall possess all of the following qualifications before working independently: (a) Be capable of meeting the physical, emotional, intellectual, and social needs of each resident.</b>
<b>ANALYSIS:</b>	<p>It was alleged that Staff Centre MacAfee was being rude and unprofessional while preparing resident medications. Upon conclusion of investigative interviews, there is not a preponderance of evidence to conclude a rule violation.</p> <p>Staff MacAfee was interviewed and stated she was preparing Resident A's medication as he was leaving the home with Relative A1. Staff MacAfee was reviewing medications and Relative A1 was yelling at her. Staff MacAfee denied being unprofessional or rude. Relative A1 reported that Staff MacAfee was preparing Resident A's medications and "wasn't doing it right". According to Relative A1, Staff MacAfee was argumentative and told her not to tell her how to do her job. Three residents of the home were interviewed and denied that Staff MacAfee is rude or unprofessional.</p> <p>There is not a preponderance of evidence to conclude staff Centre MacAfee is not capable of meeting the needs of the residents of the home.</p>
<b>CONCLUSION:</b>	<b>VIOLATION NOT ESTABLISHED</b>

**ADDITIONAL FINDINGS:**

**INVESTIGATION:**

On November 24, 2026, I reviewed Resident A's medications. Several medications are not listed on the medication sheets including the following: Centrum for Men, Calcium, Lulein, Cinnamon 500mg, Magnesium, Vitamin B-12, and Vitamin D3. According to Staff Clematee Davis these medications are over the counter medications/vitamins brought to the home by his mother and are not ordered by a health care professional.

On January 15, 2026, I conducted an exit conference with Licensee Designee Laketa Brodnex. I advised Licensee Designee Brodnex of the findings of my investigation and that I would be citing a rule violation. Technical assistance was provided and Licensee Designee Brodnex understood that all resident medications have to be prescribed/ordered by a health care professional.

<b>APPLICABLE RULE</b>	
<b>R 400.675</b>	<b>Resident medications.</b>
	<b>(1) Medication must be given, taken, or applied as prescribed, ordered, or directed by an appropriately licensed health care professional.</b>
