III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 400.675 Resident medications.

(4) A licensee, administrator, or direct care staff shall comply with the following when supervising the taking of medication by a resident:

(e) Not adjust or modify a resident's prescription medication without instructions from a physician, physician assistant, advanced practice nurse, or a pharmacist who has knowledge of the medical needs of the resident. A licensee shall record in writing any instructions regarding a resident's prescription medication.

During the on-site inspection I observed direct care staff, Charles Barrone, crush Resident A's medication upon administration. I requested to review the order for this medication to ensure that an order for Resident A's medications to be crushed was available. Licensee designee, Tyler Curtis, was unable to produce a written physician's order for Resident A's medications to be crushed and placed in water for administration. An order from a medical provider will need to be obtained regarding this practice.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
