ALLEGATION: Staff were not available when Resident A had a fall.

INVESTIGATION:

On 03/27/2026, the department received a complaint that Resident A had a fall at the home and staff were not available to assist. The complainant alleged that on 03/05/2026 Resident A fell in her bathroom. The family of Resident A saw the incident on camera and called 911. The complainant alleged that family arrived at the home and found Resident A on the bathroom floor with no staff in sight. Additionally, the complainant alleged that the family had to let EMS/Fire into the building because there were no staff around to let them in.

On 03/31/2026, while speaking to the complainant via telephone, he stated that in addition to this situation, while family was at the home helping Resident A on 03/05/2026, a different resident had called the police, and the family of Resident A had to let them into the home because there were no staff members around.

On 04/08/2026, while onsite I spoke with the administrator and Employee #1 from corporate management. Employee # 1 reported that staffing at night is generally four employees. Three caregivers and a medication technician. Resident needs consist of four residents that require a Hoyer lift for transferring and seven residents that require two people to assist with transferring. Employee #1 reported that the night shift can be busy with active residents, at times. Additionally, she reported that the Residents in rooms 32 and 14 are active most nights but are independent and may just need redirection.

Employee #1 provided written statements accounting for the events on the night of 03/05/2026. Employee #2 reported, in her statement, that around 4:40am she was stopped by Resident A's family member who relayed that Resident A had fallen and was on the floor bleeding and was sent out. Additionally, Resident A's family member told her that the police were at the home to check on a different resident.

Employee #3 reported, in her statement, that she did rounds at 3:20am and everyone was still asleep. She reported that she was sitting with a resident in his room when Employee #2 reached out via the walkie talkie. Employee #3 reported that when she exited the room of the resident she had been sitting with, she saw the police standing at another resident's door.

Employee #4 reported, in her statement, that she did her rounds around 2:40-2:50am. She reported that at that time she changed three residents. Employee #4 reported that at about 4:40am she was informed by Employee #3 that Resident A was sent out by her son. Employee #4 reported that this happened while she was in the room of a resident.
