**II. Purpose of Addendum**

The Office of Children and Adult Licensing received a written request from the Licensee to measure a current bedroom for space in order to increase the license capacity from nine to ten.

**III. Methodology**

On 8/16/2005, I visited the facility to measure the bedroom.

**IV. Description of Findings and Conclusions**

The room under consideration in the capacity increase request measured 13' 2" X 11' 11" which comes out to 156.8 square feet. The total footage was decreased due to the configuration of the room by 7.3 square feet leaving useable floor space of 149.5 square feet. This amount exceeds the minimum square footage of 130 square feet required for a two-person room. The room is capable of housing two people. The bedroom was properly furnished at the time of my visit .

**V. Recommendation**

I recommend that the capacity of the home be increased to ten.
