II. Purpose of Addendum

The purpose of this Addendum to the Original Licensing Study is to officially reduce the capacity of Rhoda's House from 15 residents to 13 residents. A secondary purpose is to officially change the use of space.

III. Methodology

On November 21, 2006, this licensing consultant received a *Request For Modification Of The Terms Of The License*.

On November 21, 2006, this licensing consultant completed an on-site inspection of the physical plant.

On November 21, 2006, this licensing consultant reviewed *Rhoda's House* revised floor plan and *Emergency Evacuation Plan*.

On November 21, 2006, this licensing consultant reviewed a May 16, 2006, *Office of Fire Safety Report*.

On November 21, 2006, an October 3, 2006, *Environmental Health Inspection Report* was reviewed.

IV. Description of Findings and Conclusions

The *Request For Modification Of The Terms Of The License* was reviewed. It requested a reduction in capacity and change in the use of space.

The multi-occupancy Northeast bedroom or bedroom number two that housed four residents was converted into a semi-private bedroom housing two residents. This semi-private bedroom contained 188 square feet of space excluding built-in closet space. A semi-private bathroom with walk-in shower was installed between bedrooms number one and two. This new bathroom was properly ventilated.

A revised *Floor Plan* was reviewed. The above referenced changes have been included in the *Floor Plan*.

The *Emergency Evacuation Plan* was reviewed and it did not require any changes.

The Office of Fire Safety completed a *Fire Safety Report* on May 16, 2006, and full approval was provided.

The *Environmental Health Inspection Report* dated October 3, 2006, determined Rhoda's House to be in substantial compliance with the applicable rules.

The Designated Licensee and Administrator, Rhoda Byler, said the Northeast bedroom conversion and bathroom addition was completed approximately one year ago.

V. Recommendation

It is the recommendation of this licensing consultant that the capacity of Rhoda's House be reduced to 13 residents. It is also recommended that the Department approve the Northeast multi-occupancy bedroom conversion to a semi-private bedroom and the use of the newly installed semi-private bathroom.
