## II. Purpose of Addendum

9/13/2007	Onsite inspection and review of submitted materials.
9/13/2007	Onsite inspection; full compliance.
9/13/2007	Application insufficient; not signed by licensee designee.
10/29/2007	Amended application (signed by licensee designee) received.

## IV. Description of Findings and Conclusions

The facility provides specialized services and supports to adults referred by Lapeer County Community Mental Health who have significant limitations related to developmental disabilities and/or mental illness. The facility was originally licensed 11/8/2004 with a capacity of four, per the licensee's application. Since that time, each bedroom has housed one resident although the square footage of each was found to be sufficient for the maximum two residents permitted by rule. Bedrooms 1 and 2 each measure 167 square feet; bedrooms 3 and 4 each measure 165 square feet. Community space totals 574 square feet, well in excess of what is required by rule for the maximum permissible occupancy of six residents.

## V. Recommendation

I recommend approval of the licensee's request for an increase of capacity to six residents.
