III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

This is a one story modular home built in 1997 with a detached garage, fenced in swimming pool, and back exterior deck. There are 3 resident bedrooms, dining room, kitchen, living room, utility room, and 2 full bathrooms. The applicants will be the only other members of household and will use the master bedroom. The home is in compliance with space requirements.

The applicants and a financial lending company own the home. On file is copy of property tax statement and mortgage receipt.

This home has public water and sewer and was found to be in substantial compliance with rules pertaining to Environmental Health.

I conducted on-site inspections to verify this home is in compliance with rules pertaining to Fire Safety. On file is verification the gas-fired furnace and water heater were inspected and approved by a licensed heating contractor. The clothes dryer is electric. The home has both battery and hardwired, interconnected smoke detectors that are approved. The applicants are planning to build a ramp in the near future to accommodate residents who use wheelchairs.

A review of the application indicates substantial compliance with rules relating to financial capability of the applicants.

B. Program Description

The applicants are June and Larry Bozarth. On file are medical, TB, and background clearances for them both.

The applicants are approved to provide care for the female aged population. Emergency transportation is available by dialing 911. They have a responsible person who can also provide resident care, and there will always be at least one responsible person on duty whenever residents are in the home.

I reviewed with the applicants rules that pertain to fire safety, environmental health, resident and staff record keeping, and criminal background check requirements (Act 29) for employees. The applicants will issue and review a copy of resident rights with each admission. Admission and discharge policies are outlined in the administrative rules for Family Homes. They were provided with all necessary record forms to permit rule compliance.

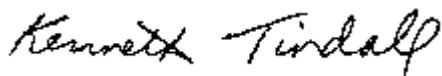

A review of the application indicates substantial compliance with rules relating to financial capability of the applicants.

C. Conclusion

The findings indicate this applicant is in substantial compliance with Act No. 218 and the Administrative Rules governing the operation of Adult Foster Care Family Homes.

IV. RECOMMENDATION

I recommend issuance of a temporary license to this AFC adult family home (capacity 4).
