II. Purpose of Addendum

The purpose of this addendum is to document the licensees' request to reduce the capacity of the facility from 4 to 3 residents.

III. Methodology

On May 22, 2008, the licensees submitted a *Request for Modification of the Terms of the License* to this consultant. The request was for a change of capacity for 3 three instead of 4.

IV. Description of Findings and Conclusions

The change in capacity reflects the number of residents currently being served and the number of residents for whom the home is currently furnished.

V. Recommendation

I recommend that the capacity of this home be reduced to 3, with the understanding that the capacity may again be increased to 4 at a later time if a modification request is received, since there is sufficient space in this home for 4 residents.
