Facility Telephone #:	(989) 382-9672
Capacity:	4
Program Type:	CLF/DD

II. Purpose of Addendum

This Addendum documents an increase in the capacity of this license, from 3 to 4 residents, made at the request of the licensee.

III. Methodology

10/16/2008 Received *Request for Modification of the terms of the License*
10/16/2008 Conducted onsite inspection

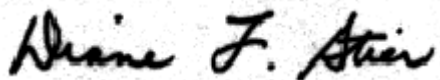

IV. Description of Findings and Conclusions

This facility was licensed with two resident bedrooms, each measuring 11'7" x 12'5", yielding 140+ sq. ft., sufficient for two residents. One of the bedrooms had been used for only one resident, however. The licensee requested that the capacity be increased to allow for a second resident in this second bedroom.

Each of the two bedrooms provides sufficient space for 2 residents. Both bedrooms are now furnished for two residents. The living room, family room, and dining room provide more than the required living space for the addition of one more resident in this facility.

V. Recommendation

I recommend that the capacity of this AFC Family Home be increased to 4 residents.
